Apply Now!

Are you passionate about problem solving and ready to put your combined time management, project management and prioritization skills to work for a dynamic company? Are you looking for a career and, most importantly, a company you can grow with? Join Epson Portland Inc. today and help build a better tomorrow. We are in the midst of an exciting year and are looking for a candidate that is ready to grow with us!

Epson Portland Inc., is looking for an experienced **Facilities Maintenance Technician** to join our team. We're looking for an individual who works under general supervision to maintain company-wide electrical systems and equipment. This role is responsible for troubleshooting and repairing electrical systems and equipment on assignments of varying difficulty. Using good judgment, the Facilities Maintenance Technician will ensure all work is completed safely and meets building code requirements.

Shift: Monday through Friday, generally 7:00am to 3:30pm

Essential Functions:

Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

- Maintain, repair, and replace motors, pumps, motor controls, HVAC control components, production support equipment, broken bolts, bearings, shafts, belting, and electrical components as required
- Maintain and repair the facility structural, mechanical, plumbing, and electrical systems and controls
- Perform preventive maintenance operations such as electrical inspections, lubrication, cleaning, and mechanical inspections. This includes at times replacing fan belts, cleaning sumps and wye strainers, and inspecting cabinets for loose connections, etc.
- Work with and understand facility blueprints, mechanical and electrical drawings, or rough sketches to complete assignments for installations and troubleshooting
- Responsible for company compliance with federal, state and local electrical codes and regulations
- Perform regular electrical safety inspections, documenting results. Follows-up on inspection results, making corrections which meet National Electrical Code safety standards and requirements.
- Complete daily progress reports on assigned work orders, documenting completed assignments while updating work in process using MS Window based computer software programs
- Assist with the completion of feasibility studies for Facilities projects
- Assist Facilities Technicians, as required, to complete non-electrical tasks as required to meet customer needs
- Respond to on-call maintenance requests outside of regular working hours

Education and Experience:

- High school diploma, GED, or equivalent education and experience is required; Associates Degree in a related field preferred
- Minimum 5 years maintenance experience
- Ability to evaluate and troubleshoot electrical systems, controls, and components, making corrections as required
- Good knowledge of building and equipment maintenance including mechanical, electrical, hydraulic, waste water treatment, and pneumatic equipment operation and maintenance
- Understanding of building, environmental, and industry equipment regulatory codes and administration
- Strong knowledge and consistent application of electrical codes and regulations
- Good written and verbal communication skills including technical documentation skills
- Strong mechanical skills including knowledge of and ability to use machine, hand, amp meters, DMM, and power tools
- Demonstrated time management, project management, and prioritization skills

At Epson Portland Inc., your input matters. We pride ourselves on inclusion, diversity, and individuality as our innovations come from our differing perspectives. We're steadfast in our commitment to quality, environmental conservation, and developing options and solutions for the Seiko Epson Group. Whether you've been here two weeks or twenty years, you can have an impact on the business and enjoy growth and fulfillment in your career at Epson Portland Inc. Many of our team members have been with us more than twelve years and have deep organizational knowledge to share. Founded in 1986, Epson Portland Inc. is located in Hillsboro, Oregon.

We offer an outstanding benefits package, including:

- Comprehensive, low-cost medical, dental, vision, alternative care, and prescription drug coverage
- Generous paid time off, including sick time, vacation, and holidays
- Income protection plans, including life insurance and disability programs
- Financial security plans including a 401(k) retirement plan with company matching
- Additional benefits such as educational reimbursement, an employee assistance program (EAP), employee discounts and much more

To be considered for this position, please send a cover letter with salary requirements and a resume in Word or PDF format. Reference Requisition #8765 in the subject line.

Pre-employment drug screening is required.
Epson Portland Inc. is an Equal Opportunity Employer.
